

§ 287.7 Circumstances permitting reimbursement from a construction reserve fund.

(a) *Payments prior to establishment of fund.* If, prior to the establishment of a construction reserve fund under the regulations in this part, a taxpayer has made necessary payments under a contract which satisfies the provisions of the regulations in this part and section 511 of the Act for the construction or acquisition of a new vessel, such taxpayer may, if subsequently authorized to establish a construction reserve fund under the regulations in this part, draw against such fund as reimbursement for the amount, if any, of other funds which, with the approval or ratification of the Administration, the taxpayer used for making such necessary payments prior to the establishment of the fund.

(b) *Payments subsequent to establishment of fund.* If, subsequent to the establishment of a construction reserve fund under the regulations in this part, the taxpayer has made necessary payments under a contract which satisfies the provisions of the regulations in this part and section 511 of the Act for the construction or acquisition of a new vessel, such taxpayer may draw against such fund as reimbursement for the amount, if any, of other funds which, with the approval or ratification of the Administration, the taxpayer had used for the purpose of making such necessary payments.

§ 287.8 Investment of funds in securities.

(a) *Obligations of or guaranteed by the United States.* Interest-bearing direct obligations of the United States, or obligations fully guaranteed as to principal and interest by the United States may be deposited in the construction reserve fund in lieu of cash, may be purchased with cash on deposit in the fund, or may be substituted for securities or commitment to finance in the fund, subject to the provisions of paragraph (b) of this section.

(b) *Other securities.* In cases where the taxpayer desires to deposit any securities in the fund in lieu of cash other than those of or guaranteed by the United States or to purchase such other securities with cash on deposit in

the fund, or to substitute such other securities for securities or commitment to finance in the fund, the taxpayer shall make written application to the Administration and shall not consummate the transaction until the written consent of the Administration shall have been received. The application shall describe the securities fully. Every approval by the Administration of such application shall be conditioned upon agreement by the taxpayer forthwith to dispose of such securities upon subsequent request by the Administration. Immediately upon the purchase of any securities for deposit in the fund, the taxpayer shall advise the Administration, giving the date of purchase, a description of the securities, and the price paid therefor (net, brokerage and other charges, and gross). Ordinarily, the Administration will not approve the deposit in the fund in lieu of cash, or the purchase with cash on deposit in the fund or the substitution for securities in the fund of securities not actively traded in on exchanges registered under the Securities Exchange Act of 1934 (15 U.S.C. Chapter 2B), or securities which are not legal for investment of trust funds. Whenever the Administration approves the substitution of other securities for securities in the fund, such substitution shall be effected only upon or after the deposit of the substituted securities into the fund.

(c) *Cash.* Cash may be substituted for amounts which are on deposit in the fund in any other form.

(d) *Devalued securities.* In the event the Administration determines that the market value at any date of any securities in the fund has decreased to a figure which is less than 90 percent of the market value at the time of deposit into the fund, then within 60 days after the taxpayer receives notice of such determination the taxpayer shall (except as otherwise provided in this paragraph) deposit into the fund cash or securities in an amount equal to the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit. However, if any securities in the fund are valued at the time of their deposit at less than the market value of such securities at

the time of their deposit the taxpayer shall be required to deposit only an amount equal to that portion of the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit which bears the same ratio to such total difference as the amount at which the securities were valued at the time of their deposit bears to the market value at the time of such deposit.

§ 287.9 Valuation of securities in fund.

(a) *Equipment values.* In cases where securities are deposited in the fund in lieu of cash, or are purchased with cash on deposit in the fund, or are substituted for securities in the fund, the value of such securities must not be less than the amount of cash in lieu of which they are so deposited or with which they are so purchased, or the value at the time of deposit of the securities for which they were so substituted. If the securities on deposit in the fund are replaced by cash from the general funds of the taxpayer, the amount of cash to be deposited in the fund in lieu thereof shall be not less than the amount at which such securities were valued at the time of their deposit in the fund.

(b) *Determination of value.* (1) For the purpose of determining the amount in the fund, the value of securities shall be their "market value" (which shall be the basis for determining value, unless otherwise agreed to by the administration) and shall be determined in the following manner:

(i) In instances where no actual purchase is involved, such as the initial deposit of securities in the fund in lieu of cash, the last sales price thereof on the principal exchange on the day the deposit was made shall be deemed to be the "market value" thereof, or, if no such sales were made, the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(ii) In instances where the purchase of securities with cash on deposit in the fund is involved, "market value" shall be the gross price paid (adjusted for accrued interest); *Provided*, That if such securities are purchased otherwise

than upon a registered exchange the price shall be within the range of transactions on the exchange on the date of such purchase, or, if there were no such transactions, then the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(2) Purchase-money obligations secured by mortgages on vessels sold or irrevocable commitments to finance the construction or acquisition of new vessels which are deposited in the construction reserve fund as provided in § 287.13 ordinarily will be considered as equivalent to their face value.

§ 287.10 Withdrawals from fund.

(a) *Withdrawals for obligations or liquidation.* (1) Checks, drafts, or other instruments of withdrawal to meet obligations under a contract for the construction or acquisition of new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, after having been executed by the taxpayer, shall be forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal, including properly certified invoices or other supporting papers. Such instruments of withdrawal, if payable to the Administration, will be deposited by the Administration for collection, and the proceeds thereof, upon collection, will be credited to the appropriate contract with the Administration; but if drawn to the order of payees other than the Administration, after countersignature on behalf of the Administration, will ordinarily be forwarded to the payees.

(2) An amount obligated under a contract for the construction or acquisition of a new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, whether the obligor has the entire or a partial interest therein within the scope of section 511 of the Act, may not, so long as the contract or indebtedness continues in full force and effect, be withdrawn except to meet payments due or to become due under such contract or for such liquidation.
